Everyone likes a little uncertainty and a
smidge of healthy surprise.

That's Raku's allure!

RONEE LOONEY & SUE DURFEE

After moving to Castle Rock, Colorado both Sue and Ronee started their quest to play with Raku. During a long summer and fall of trial and error they have mastered their passion. They began by offering weekly firings for pottery students. There was such an overwhelming response to offer Raku parties to potters and non potter alike, so that A Taste of Raku was born.

Please come and enjoy the fun with us!
